PUPILS HUNT JACK RABBITS FOR CASH

Alva, Sept. 18.—Making their own spending money while on the way to and from school has become a diversion with boys in Beaver county since the board of commissioners, at their last meeting, placed a bounty on jack rabbits. The bounty has been removed for several years and the rabbits multiplied in such numbers that it was placed on again. The bounty is 2 cents for each pair of jack rabbit ears. It is no uncommon thing for boys in the vicinity of Gate, on the east line of the county, to kill all the way from ten to twenty-five rabbits during one day.

MOB'S WORK NOT COARSE, VICTIM SHOWN COURTESY

LYNCHING ENTIRELY HUMAN—SAYS ARKANSAS "COMMITTEE"

You have heard about southern chivalry and your life. Now a new phase of it has developed in the application of ethics to lynching.

If you were to be lynched by a mob, you would appreciate it greatly if you were "shown every courtesy" during the proceeding. To all persons who were to be the guest of honor at what used to be facetiously termed a necktie party, therefore, the gentlemanly and humane mob of Stuttgart, Ark., is recommended without reservation.

Down in Stuttgart last week a negro was lynched. He had been accused of attacking the daughter of a white planter near the town. The mob worked quietly and expeditiously, and necessarily without the limelight. After it was all over unauthorized versions of the affair were circulated and accepted by the public. It was to get the public right that the lynchers decided to proclaim just how gentle it really was. So the following "card" was sent to the Free Press, the town's newspaper, which published it on August 11:

"We, members of the committee who lynched the negro Wednesday morning, have, after listening to the tales stories about the affair, concluded that it is due to the public that they may be made acquainted with the true facts.

"The criminal was taken from jail at 10 P.M., brought to the scene of execution, and hanged in as humane a manner as possible.

"Quite recently, in England a man was hanged for high treason. He suffered the tortures of strangulation for nine minutes before he was pronounced dead by the attending physicians. We give you our word that the criminal we lynched did not live nine minutes after his feet left the ground as the shot wounds on his body will prove.

"The only request made by the criminal was that he be hanged or shot, and not tortured or burned. That his request was granted was self-evident to everyone who saw the remains.

"We want also to say that the criminal made a full, free and volun-

RENEWED TESTIMONY

No one in Guthrie who suffers backache, headaches, or distressing urinary ills can afford to ignore this Guthrie man's testimonial story. It is confirmed testimony that no Guthrie resident can doubt.

A. G. Goff, U. S. deputy marshal, 219 East Villa Ave., Guthrie, says: "I suffered terribly from kidney trouble, caused by constant horse-back riding and exposure to all kinds of weather. My back and loins were intensely painful and I was hardly able to hobble around. The kidney secretions were highly colored, scant and burned in passage. I used all kinds of medicines in my effort to get relief, but it was left to Doan's Kidney Pills to bring the desired results. They cured the attack and during the years which have since passed, I have had no serious return of the trouble."

USE DOAN'S OCCASIONALLY. MORE THAN TWO YEARS LATER. Mr. Goff said: "Whenever backache comes on me, as a result of too much horse-back riding, I use Doan's Kidney Pills. They soon put me in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that is recommended by Foster-Milburn Co., Props. Mr. Goff has twice publicly recommended Doan's Kidney Pills.

LEADER WANTS BRING RESULTS

MUST PRODUCE A GHOST OR LOSE SLANDER SUIT

JUDGE GIVES A PLAINTIFF JUST 20 DAYS IN WHICH TO NAB WRAITH

Kansas City, Mo., Sept. 18.—If attorneys for Dr. E. C. Britt can capture or photograph a ghost, or bring any other tangible evidences of spooky character into court during the next twenty days, their damage suit for \$15,000 against W. H. Eardley will be allowed to proceed.

Britt is suing Eardley, a former tenant of his house, because Eardley affirmed he heard strange noises at night, footsteps and whispered conversations that came from no human source. In a recent Britt alleged his property had been slandered.

In a demurrer proceeding before Judge O. A. Lucas today attorneys for Eardley alleged no slander had occurred because ghosts did not exist.

"Well," Judge Lucas observed, when both sides had been heard, "I do not now recall ever having read a decision in which ghosts participated. And I have read a great many decisions. So I am unable to state whether the law recognizes such a thing as a ghost."

At this juncture, an old negro woman sitting in the rear of the court room and deeply interested in the proceedings, spoke up:

"There certainly are ghosts!" she told the court. "I've seen 'em many a time. Yesum."

Judge Lucas thanked her and turned to the plaintiff's attorneys.

"I'll give you twenty days to file an amended petition, setting forth specifically the character of the ghosts or supernatural agencies through which the house was alleged to have been slandered," he said, and the demurrer went over until then.

BUZZARD CONVEYOR OF DISEASE GERMS

(By Associated Press.)

Oklahoma City, Sept. 18.—A campaign through out the state of Oklahoma to annihilate buzzards is probable as the result of a statement today by President Gault of the state board of agriculture who described the insects as carriers of disease germs and one of the greatest menaces to the livestock industry in Oklahoma. In some sections of the state the death of livestock has been traced, directly to germs transmitted by buzzards, according to President Gault.

After the pests have been killed,

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach; you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood while the bowel pores do, says a well known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.
